About Make-A-Wish® Southwestern Ontario

Together, we create life-changing wishes for children with critical illnesses. Since 1986, over 1,500 wishes have been granted across Southwestern Ontario. Wish types fall into one of five categories, I wish to be, I wish to go, I wish to have, I wish to meet and I wish to give, however can be as varied as a child's imagination. We believe a single wish transforms lives. We also believe wishes are more than medicine. A wish is something that gives kids the opportunity to look outside their illness – it has the unique ability to transform a child and family's life during some of their most difficult trials – as a wish creates an opportunity for hope and the ability to experience life beyond illness.
